Police Department Report:

Dunkley is in the academy and will graduate in November. Background is being complete for Gayda.

Discussed exceptional entry language provided by the WCJTC to be added to the Rules and Regulations.

Entry level oral exams questionnaires and scores were reviewed by Kemper. The scores will be emailed to Labate and Ojeda for final approval along with the Lateral exam scores on 9-2-21. Once approved the eligibility list will be made available for the Chief and posted to the website.

Due to so many applicants being processed through background and failing, the Civil Service budget is over by 300%. The Chief has discussed other options for processing applicants that includes starting with a polygraph to know right away if there are going to be any ethical or illegal reasons to disqualify a person. This will be a cost savings up front.
